

NO-TEXT

Product Campaign Prompt Guide

8 reusable image-generation systems for sports, fashion, FMCG and luxury products

**BUILT FOR PRODUCT REPLACEMENT**

Replace the bracketed variables, upload your product reference, and preserve the original packaging, construction, labels, colours and proportions. Every prompt is written for clean campaign visuals with no added text or graphic overlays.

Recommended workflow: Reference image + exact product image + one prompt + 3:4 or 9:16 aspect ratio.
